WE HAVE A DREAM

to make life better for everyone throughout the world with the healing experience of movement and rhythm.

At DDSP we believe that every child and youth deserves access to the most innovative fitness and dance education available to schools regardless of their physical, cognitive, and athletic abilities.

We have custom designed our trademarked programs for more than 10 years, facilitating programs and workshops for special needs, and at risk

youth in daycares, schools, and recreation centres across Manitoba.

Our Educators are specialists in the fitness and dance industry, and have been teaching, training, and performing across Canada for more than 10 years. They bring authentic multi-cultural dance techniques, and are certified in group fitness, personal training, and dance.

We offer custom education in various formats! From workshops, after-school clubs, Phys-Ed enrichment education, and curriculum programming.

We bring innovation!

LUNCH & AFTER SCHOOL CLUBS

Clubs are cost effective and convenient for parents; easy for Schools, and are designed to be fun for boys and girls of all ages. Clubs can run anywhere from 8 to 10 weeks per Term; 3 Terms per year. Clubs are usually held at lunch during a nutrition break, or at the end of the school day. Family and friends are invited to observe a portion of the final class of each Term to see what the students have accomplished.

CURRICULUM PROGRAMS/WORKSHOPS

Difinity Dance works cooperatively with classroom teachers to fulfill the Arts Curriculum from Grades K to 8 through the teaching of dance, fitness or music classes. Curriculum programs are customized based on each individual's goals and budget. Students become familiar with specific vocabulary and their application. Two (2) Instructors can teach a maximum of two (2) classrooms at a time, for a maximum total of approximately 80 students. We request that classroom teachers are present to help maintain appropriate conduct. Schools may choose from full days of instruction for the entire school, multiple days for selected grades, or a single time workshop.

MULTI-CLASS PROGRAMS

Intra-curricular studies are progressive classes designed to be part of the regular programming. Classes are delivered weekly, bi-weekly, or monthly during the childcare day. These programs feature comprehensive lesson plans for each age group with objectives, vocabulary, and activities. Childcare centers can choose to combine different disciplines within the same program or focus on a specific type of class.

HOW IT WORKS

We bring the equipment and supplies to you, and you take care of student registration, and the rest is magic!

TOP SELLERS

YOGANASTICS

For ages: 5 to 8 and 8 to 12

The YOGANASTICS program utilizes elements of yoga, and gymnastics tumbling exercises and poses for cardio training, and muscular development and strength. This is a pre-requisite program for kids who are interested to enroll in the Circus Elements program. The program brings yoga to a new level by fusing dance and yoga together. Instructor leads participants on an adventure and kids pose and move according to the unique sounds, and story being explored.

KIDS WORLD DANCE

For ages: 5 to 8 and 8 to 12

The KIDS WORLD DANCE program features beginner to intermediate hip hop, jazz, Bollywood, African and Latin choreography. This program focuses more on choreography, dance games and drills, than on a cardiovascular workout. This ensures all students are able to participate. Each day the focus would be on a particular dance style you select.

DRUMS ALIVE

For ages: 8 to 12; 13 to 17; 18 to 35; and 35 to 55

DRUMS ALIVE is an all-inclusive program, which covers music education, multi-cultural dance education, and meets the Physical Education requirements for schools. From Academic Beats for a kids school program, Kids Beats for a recreation dance/fitness program, to Wellness Beats for Seniors, DRUMS ALIVE is for all populations and abilities.

PLEASE SEE ENCLOSED PDF**

JUMP DANCE FIT

For ages: 8 to 12; 13 to 17; and 18 to 35

JUMP DANCE FIT combines trampoline fitness and multi cultural dance all together. It features various physiotherapy benefits and keeps high-energy participants jumping out the jitters with joy.

STREET DANCE

For ages: 13 to 17 and 18 to 35

The STREET DANCE program offers students hip hop and jazz beginner to intermediate recreational performance choreography and fitness. Hip hop and jazz dances are combined with yoga and pilates conditioning exercises. This program is ideal for young men and women who want to improve their cardiovascular fitness and muscle tone.
